**No. CT/GST-40/2020/182.—** To prevent tax evasion and protect government revenue, it is essential to establish a mechanism for monitoring the movement of goods and individuals engaged in transporting goods within Assam. Section 68 of the Assam Goods and Services Tax Act, 2017, grants the state government the authority to mandate specific documents that must be carried by the person in charge of a conveyance for any consignment of goods. Additionally, it empowers the proper officer to intercept such conveyances, verify the required documents, inspect the goods, and ensure compliance by the person in charge of the transport.

Rule 138 of the Assam Goods and Services Tax Rules, 2017 mandates the generation of an e-way bill and the electronic submission of relevant details on the common portal before initiating the movement of taxable goods valued at over fifty thousand rupees. Additionally, Rule 138A requires the person in charge of a conveyance to carry specific documents, including an invoice, bill of supply, delivery challan, and a copy of the e-way bill along with its number. Rule 138B authorizes the interception of conveyances for verification of documents and goods. Rule 138C stipulates that a summary report of every transit inspection must be recorded online by the proper officer within twenty-four hours, with a final report submitted within three days. Rule 138D further requires the online uploading of information related to vehicle detention.

To ensure the verification of e-way bills and necessary documents during the movement of goods by conveyance, as well as to conduct inspections aimed at preventing tax evasion, it has been deemed essential to implement random road vigilance at the following strategic locations:
